## EMPLOYEES' PROVIDENT FUND

### ORGANISATION

---

#### HISTORICAL PERSPECTIVE

1.1 It has been endeavour of Central Government to provide social security to the industrial workers after their superannuation or to their dependents in the event of their pre-mature death. The first Provident Fund Act, passed in 1925 to regulate the Provident Fund of some private concerns was limited in its scope. In 1929, the Royal Commission of Labour stressed the need for formulating scheme to establish Provident Fund for industrial workers. Thirteen years later in the third conference of labour ministers, the issue was considered again. The proposal to establish Provident Funds was generally accepted. It was recommended that such fund should be established on the basis of voluntary participation. It was further recommended that the Central Government may frame a model set of rules for management of Provident Fund which may in turn be adopted by the employers for establishing Provident Fund. The model rules were circulated to employers in 1945 for adoption in industrial concerns. Some progressive employers took the initiative to establish voluntary Provident Funds for the benefit of about 3 lac workers but the general response was not encouraging.

1.2 In 1947 the question was reviewed at the Asian Regional Conference of the International Labour Organisation. It was reiterated that in view of the financial and administrative conditions in India, a contributory provident fund scheme was preferable to a scheme of pension or gratuity payments as it would not be possible to introduce the same in India, as adopted in the other industrially advanced countries. The main difficulty felt in a gratuity scheme was that the amount paid to a worker or his dependents would be small as the worker would not himself be making any contribution to the fund. Taking into account the various difficulties, financial and administrative, the most appropriate course considered to be adopted was the institution of compulsory contributory provident fund, in which both workers and employers would contribute. Such a Scheme would have *inter-alia* the following benefits:-

- i) It would inculcate a spirit of thrift among workers
- ii) It would help in stabilisation of the labour force.

1.3 In accordance with the recommendation of the Asian Regional Conference, the matter was discussed at the 10<sup>th</sup> session of the Indian Labour Conference held in 1948. It was generally agreed that the introduction of a statutory provident fund scheme for industrial workers must be undertaken.

1.4 To test such a scheme in a restricted field, the Coal Mines Provident Fund Scheme was launched in 1948. The success of this Scheme led to the demand for its expansion to other industries was well. In 1949, when a non-official Bill for setting up of provident funds for other industrial workers was introduced in the Central Legislature, the then Union Labour Minister gave an undertaking that a comprehensive Bill on the subject would be placed before the House. The subject was exhaustively discussed at the meeting of the Standing Labour Committee held in November 1950, where there was general agreement, particularly among the representatives of the

State Governments, that Legislation should be undertaken for instituting provident funds in industrial undertakings. This view was endorsed by the conference of Labour Ministers held in January, 1951.

1.5 This led to the promulgation of the Employees' Provident Funds Ordinance, 1951 by the President of India on the 15<sup>th</sup> November, 1951 with a view to provide for the institution of provident funds for employees in factories and other establishments. The ordinance which came into force at once, extended to the whole of India except the State of Jammu and Kashmir.

#### **1.6 THE STATEMENT OF OBJECTS AND REASONS AS CONTAINED IN THE EMPLOYEES' PROVIDENT FUNDS BILL, 1952:**

- *The Employees' Provident Funds Bill, 1952 (Bill No. 15 of 1952) was introduced in Parliament of India to provide for the institution of provident funds for employees in factories and other establishments and thereby the Employees' Provident Fund Act, 1952 (Act, hereinafter) was enacted. The extent of the said Act was whole of India except the State of Jammu and Kashmir. The question of making some provisions for the future of industrial worker after he retires or for his dependents, in case of his early death had been under consideration for some years. The ideal way would have been provision through old age and survivors pensions as had been done in the industrially advanced countries. But in the prevailing condition in India, the institution of a pension scheme cannot be visualized in the near future. Another alternative may be for provision of gratuities after a prescribed period of service. The main defect of the gratuity scheme, however, is that the amount paid to a worker or his dependents would be small, as the worker would not himself be making any contribution to the fund. Taking into account the various difficulties, financial and administrative, the most appropriate course appears to be the institution of compulsory contributory provident funds in which both worker and the employer would contribute. Apart from other advantages, there is the obvious one of cultivating among the workers a spirit of saving something regularly. The institution of a provident fund of this type would also encourage the stabilization of a steady labour force in industrial centers.*
- *The subject of legislation for institution of compulsorily contributory provident funds in industrial undertakings was discussed several times at tripartite meetings in which representatives of the Central and State Governments and of employers and workers took part. A large measure of agreement was reached that there should be such legislation. Further, a non-official Bill on this subject was introduced in the Central Legislature in 1948 and was withdrawn only on an assurance given that Government itself would soon consider the introduction of a comprehensive Bill. The view that the proposed legislation should be under taken was lastly endorsed by the Conference of Provincial Labour Minister held in January, 1951. It may be added that a statutory Contributory Provident Fund already exists for workers in coal mines, covering about 8,00,000 persons. This has been in operation for about five years and is working very satisfactorily.*
- *The Bill provides for institution, in the first instance, of contributory provident funds in the six major organised industries named in Schedule I of the Act, except undertakings owned by the Central or a State Government or by a local authority. There is also a provision empowering the Central Government to add, by notification, other industries to the Schedule or to apply the Act to industrial undertakings employing less than fifty persons.*

- *To avoid any hardship to new establishments, a provision has been made for exempting them for a period of three years and similar exemptions are given to other establishments which are less than three years old till they have been in operation for period of three years in all. The rate of contribution will be 6 ¼ per cent of the total emoluments of the worker, the worker and the employer each contributing these amounts. Further, the scheme would empower payment of a higher contribution by the workers at their option.*
- *Where provident funds exist in private industry, contributions are usually a percentage of the basic wage. Unlike Government Departments, wages in the private industry have not, however, been rationalised and there are very great variations in the level of basic wages in private industry even in different units in the same industry. If contributions are reckoned on the basis of basic wages only, there will, therefore, be wide changes in the degree of benefits received. This will be unfair to the workers and may also penalise those employers who have brought the level of basic wages in accord with current requirements. Government appreciates that DA is a variable factor depending on the cost of living. Nevertheless, for the reasons explained, Government is satisfied that contributions to the Provident Fund should be on the basis of basic wages plus DA. This should not be construed as in any way implying that DAs on the existing rates are to be recognised as a permanent measure.*
- *Most of the details relating to the Fund will be settled in accordance with a Scheme which, in the interest of uniformity, will be funded by the Central Government. The administration will, to a large extent, be decentralised in regard to undertakings falling within the sphere of State Governments.*
- *Where provident funds offering equal or more advantageous terms are operating efficiently, provision has been made for them to continue subject to certain safeguards in the interest of works.*
- *This Bill, when enacted, will repeal and re-enact an Ordinance promulgated on the same lines on the 15<sup>th</sup> November, 1951.*

1.7 The Ordinance promulgated on the 15<sup>th</sup> November, 1951 was replaced by the EPF Act, on 4<sup>th</sup> March 1952. The Scheme framed under section 5 of the Act was brought into force in stages and was enforced in its entirety by the 1<sup>st</sup> November, 1952. The working of the Scheme brought out certain defects in the Act such as:-

- i) lack of provision for inspection of exempted factories,
- ii) recovery of dues from such factories,
- iii) payment of damages etc.

1.8 In order to rectify these defects an amendment bill was introduced in the Council of States on 14<sup>th</sup> September, 1952. As some of the amendments necessitated urgent implementation and since the EPF (Amendment) Bill could not be passed during that session of Parliament, an amending Ordinance was promulgated, which was subsequently replaced by the EPF (Amendment) Act, 1953 which received assent of the President on 12<sup>th</sup> December, 1953.

## PERFORMANCE MANAGEMENT IN EPFO

2.1 There are various types of figures about the number of members EPFO caters to and this often results in some confusion about the actual workload of EPFO. In this regard, following would be relevant to understand the issue:-

- i. **Member**, means a member of the Employees' Provident Fund, i.e. a member having PF balance in his/her PF account. As on 31<sup>st</sup> March 2017, there were 19.34 crore members.
- ii. **Universal Account Number (UAN)** has been allotted to all members in respect of whom at least one contribution has been received since January 2014. There were 10.74 crore UANs issued as on 31-03-2017.

- ii. There are 4305 PF exempted unique codes and there are 1,554 PF exempted establishments. List of such establishments is given in **Appendix – 2 (xi)**
- iii. As regards bifurcation of PF un-exempted codes into establishments and their branches, the same is not available as on 31-03-2017. However, instructions have been issued to all establishments registered with EPFO before the initiation of Online Registration of Establishments (OLRE) to file online, the establishment details, which would indicate the bifurcation of establishments and their branches, with or without unique EPF codes.
- iv. Average number of contributing establishments during the year 2016-17 was 4.95 lakhs.
- v. The status of establishment is marked by the concerned Regional/Sub Regional Offices as closed in respect of closed establishments. 2,88,960 establishments have been marked as closed in the establishment master.

## **EMPLOYEES' PENSION SCHEME, 1995**

### **BRIEF HISTORICAL NOTE**

3.10 The Employees' Pension Scheme, 1995 (EPS) came into effect on 16<sup>th</sup> November, 1995 and with its introduction the erstwhile Employees' Family Pension Scheme, 1971 (EFPS) ceased to operate and all the assets and liabilities of the old scheme were transferred and merged with the Employees' Pension Fund. The benefits and entitlements of the beneficiaries under the old scheme (EFPS) are protected and continued under the new EPS, 1995.

3.11 The EPS has been designed on the principles of a "Defined Contribution - Defined Benefit" Social Insurance Scheme and adopts "actuarial principles" for ensuring long term financial viability. The Scheme aims at providing economic sustenance during old age and survivorship coverage to Members and his families. The Employees' Pension Scheme, 1995 is funded by diversion of 8.33% from the monthly Employer's share of Provident Fund contributions as well as a contribution of 1.16% of the monthly wages (limited to the amount payable on pay of fifteen thousand rupees only) by the Central Government.

### **APPLICABILITY**

3.12 The EPS at its inception applied compulsorily to all the existing Members of the Employees Provident Fund who were contributing to the Employees' Family Pension Scheme, 1971. The new entrants, as Members of Provident Fund from 16.11.95 onwards also acquired Membership of the Scheme on compulsory basis. The existing Members of the Employees Provident Fund as on 15.11.1995 who had not opted for joining the erstwhile Employees' Family Pension Scheme, 1971 were given an option for joining this scheme.

3.13 The EPS though effective from 16.11.95 has a provision for optional retrospective application from 01.04.93 for outgoing Members of the ceased Employees' Family Pension Scheme, 1971 and its beneficiaries during the period between 1.4.93 to 15.11.95. Members of the old scheme who had died between 01.04.93 and 16.11.95 were deemed to have joined the new scheme and their beneficiaries were entitled for pension benefits under EPS.

### **BENEFITS**

3.14 The EPS provides a comprehensive set of benefits which covers a broad spectrum of contingencies ensuring social security protection in the old age of the Members and their families. The different categories of pension and withdrawal benefits that are available under EPS are as under:

- (i) Member Pension upon superannuation/retirement
- (ii) Disability Pension/ Member Pension on permanent and total disablement during the service.
- (iii) Widow/Widower Pension on death of member or Pensioner
- (iv) Children Pension for 2 children at a time till the age of 25 years on death of the member
- (v) Orphan Pension paid to maximum 2 orphans at a time till the age of 25 years on death of member when there is no spouse or on death of spouse.
- (vi) Disabled Children/Orphan Pension paid for entire life of the disabled child/Orphan.

- (vii) Nominee Pension paid on death of member and paid for life to a duly nominated person by the member in case there is no valid family in respect of member.
- (viii) Pension to dependent father/mother paid upon death of member provided eligible service has been rendered by member and there is no family or nominee of the member.
- (ix) Withdrawal benefit paid on exit from service or on superannuation provided member has not rendered service eligible for Pension.

3.15 The EPS was a vast improvement over the erstwhile Employees' Family Pension Scheme, 1971, under which only Widow/Widower pension was payable in case of death while in reckonable service and prior to completion of 60 yrs of age. In the absence of spouse or on cessation of spouse pension the eldest child was eligible for pension up to the age of 25 years and in turn to other children one at a time, subject to the age limit of 25 years. There was no provision for pension to Members on superannuation/retirement or disablement, and the employee was entitled to withdrawal benefit only.

## **ELIGIBILITY**

3.16 A member of the EPS becomes eligible for superannuation / early pension under the EPS on fulfilling:

- (i) Minimum 10 years of eligible service; and
- (ii) Attaining age of 58/50 years.

3.17 On cessation of employment before completing 58 years a member can opt for early pension. Such early pension can be availed only after completing 50 years of age and it will be subject to discounting factor at the rate of 4% (w.e.f. 26.9.2008) for every year falling short of 58 years. No member pension is payable before attaining the age of 50 years. However, no such age or minimum eligibility service criteria shall apply for pension entitlement in case of disablement or death of the member and even membership with one-month contribution will suffice in such cases.

3.18 The quantum of pension payable to a member on superannuation and/or exit from service on attaining the age of 58/50 years depends upon two variables; first, the period of pensionable service rendered by the member and secondly the pensionable salary which is the average wages of the preceding 60 months prior to exit.

3.19 Those members having service prior to 16-11-1995, have the added benefit of past service pension for the period of their Membership under the erstwhile Employees' Family Pension Scheme, 1971 as per values in the tables provided in the scheme.

3.24 The accumulated corpus of the EPS has grown steadily and since the year 2010-11 the corpus has increased by almost **97%**.

### **IMPLEMENTATION OF MINIMUM PENSION PROVISION**

3.25 During the year 2014-15, one of the long awaited demands for implementation of the minimum pension was given effect to. The Central Government had issued Gazette Notification No. 593(E) dated 19.08.2014 providing a minimum pension of **Rs. 1,000/-** per month for member / widow(er) / disabled/ nominee/ dependent parent pensioners, **Rs. 750/-** per month for orphan pensioners and **Rs. 250/-** per month for children pensioners.

3.26 Immediately after the notification, necessary amendments in the application software were made to commence the payment of the revised minimum pension. The payment of pension with the revised minimum pension applicable has been commenced from September, 2014. The details of pensioners affected and the amount disbursed in respect of them in the last three years are as follows:

Year	No. of Pensioner benefited	Amount paid as per original pension (Rs. in crores)	Amount Paid as per minimum pension notification (Rs. in crores)	Difference amount (Rs. in crores)
<b>2014-15</b>	18,55,273	797.57	1,237.03	439.46
<b>2015-16</b>	18,96,396	1,425.29	2,247.00	821.70
<b>2016-17</b>	18,34,624	1,333.63	2,146.69	813.06

3.27 After implementation of the minimum pension notification the pension for all member/widow(er) /disabled/nominee/ dependent parent pensioners whose original pension were less than Rs.1,000/- p.m. have been fixed at the minimum of Rs.1,000/- p.m. Deductions on account of benefits availed by Members on the basis of choice exercised at the time of making claims like commutation, Return of Capital and Short Service are applied on the minimum pension of Rs.1,000/- p.m. The determination of pension under EPS, 1995 after implementation of the minimum pension notification is in consonance with the provisions of the scheme as well as the amendments introduced thereto vide the minimum pension notification referred above. Allowing the minimum pension of Rs.1,000/- p.m. without regard to deduction on account of Commutation, Return of Capital etc. would be iniquitous and unfair vis-à-vis the Members/pensioners who had not taken these benefits at the time of claim and opted to take only the original pension without any optional benefits.

3.28 The month-wise details of Pensioners benefits from minimum pension of Rs.1000/- per month for the year 2016-17 at **Appendix-3 (i)**.

### **ACTUARIAL VALUATION OF THE EMPLOYEES' PENSION SCHEME, 1995**

## INTERNATIONAL WORKERS

---

### PROVISIONS FOR INTERNATIONAL WORKERS

4.1 Economic liberalization, rapid growth in developing economies, ageing population in western world and large pool of young and technically qualified person in certain countries have resulted in migration of professionals across the world .India being a vast reservoir of technically qualified manpower in sectors like IT, health, and management etc. has witnessed a huge movement of skilled labour out of India.

4.2 The Indian professionals working in various countries were required to make the mandatory social security contributions in the countries of their posting. Such migrant Indian expatriates are however deprived of social security benefits during The contributions made by such migrant professionals during their stay in the country of their posting were lost as the benefits are not payable before expiry of a minimum qualifying period and return of contribution paid in other country is not available in case of return to the home country. There was no provision for counting of service for short span of contributory period in host country for availing social security benefits in country of origin and exportability of benefits

4.3 With a view to protect the rights of migrant workers, Government of India decided to go for bilateral Social Security Agreements (SSAs) so that the Indian workers are exempted from mandatory social security contribution in the country of their posting and the benefits of contribution made abroad are received by way of totalisation and the payment is received in India. A Social Security Agreement (SSA) coordinates the social security schemes of two contracting states in order to overcome the barriers and facilitate extension of benefits to beneficiaries.

4.4 In the context of above and in order to implement the provisions of bilateral SSAs, enabling provisions for International Worker (IW) were introduced in the EPF Scheme and Employees Pension Scheme by inserting Para 83 of Scheme and Para 43-A of Pension Scheme and given effect from 1<sup>st</sup> October, 2008. The special provisions have been amended subsequently keeping in view the requirements arising out over the period of time.

4.5 The Ministry of External Affairs (MEA) , Govt. of India, is the nodal ministry for initiating negotiations for SSA on bilateral basis. Besides the MEA, the MoL&E, the Ministry of Commerce and EPFO are also involved in the process of negotiations. EPFO has been designated as the Liaison Agency to operate the provisions of the SSAs and for issuing Certificates of Coverage (COC) to the employees of establishments covered under the Act as well as the employees of other social security providers like the Seamen's Provident Fund, Banks etc., when they are posted abroad in a country having SSA with India

### SPECIAL PROVISIONS IN RESPECT OF INTERNATIONAL WORKER

4.6 An International Worker (IW) may be an Indian worker or a foreignnational as defined under paragraph 2(ja) of the Scheme, 1952.

4.7 Special provisions are enshrined in Para 83 of Scheme and Para 43-A of Pension Scheme, provide for identification, exclusion, membership and benefits in respect of an International Worker.

#### 4.8 DEFINITION OF INTERNATIONAL WORKER:

- i) An Indian employee having worked or going to work in a foreign country with which India has entered into a social security agreement and being eligible to avail the benefits under social security programme of that country, by virtue of the eligibility gained or going to gain, under the said agreement;
- ii) An employee other than an Indian employee, holding other than an Indian Passport, working for an establishment in India to which the EPF & MP Act, 1952 applies;

#### 4.9 EXCLUDED EMPLOYEE

- i) An IW, who is contributing to a social security programme of his country of origin, either as a citizen or resident, with whom India has entered into a social security agreement on reciprocal basis and enjoying the status of detached worker for the period and terms, as specified in such an agreement; or
- ii) An IW, who is contributing to a social security programme of his country of origin, either as a citizen or resident, with whom India has entered into a bilateral comprehensive economic agreement containing a clause on social security prior to 1st October, 2008, which specifically exempts natural persons of either country to contribute to the social security fund of the host country.

Thus an excluded employee is a foreigner, who is posted in an establishment in India with Certificate of Coverage and contributing to the social security programme of his home country and exempted from the provisions of the Indian social security in terms of a Social Security Agreement or a bilateral agreement e.g. Comprehensive Economic Agreement signed with India prior to 1st October, 2008 (e.g. para 4 of Article 9.3 of CECA between India and Singapore provides that "Natural persons of either Party who are granted temporary entry into the territory of the other Party shall not be required to make contributions to social security funds in the host country").

#### 4.10 MEMBERSHIP

Every IW, other than an 'excluded employee' is required to be enrolled as a member of the Fund from 1st November, 2008 or from the date of joining, whichever is later. An excluded employee shall be enrolled as a member of the Fund from the date he ceases to be excluded employee.

#### 4.11 CONTRIBUTION

From 01.11.2008 contribution in respect of an IW towards Provident Fund is payable on full pay i.e. basic wages, DA (including the cash value of any food concession) and retaining allowance, if any, payable to the employee. As far as the contribution towards the Pension Fund is concerned, the same is payable on full pay from 11.09.2010 onwards.

are complying with the Indian Social Security System. This exemption is available for a specified period stipulated in the agreement.

- (ii) Totalisation of benefits – The period of service rendered in another country is counted for determining eligibility for pension. The actual pensionary benefits, however, are payable only for the period of contributory service on pro-rata basis.
- (iii) Portability of Pension – Pension benefits are payable without reduction, direct to the beneficiaries choosing to reside in the home country or in any other country.

After coverage, the employers of the establishments are required to comply with the provisions envisaged under the Act and Schemes framed thereunder by enrolling their employees as Members of the fund, deducting provident fund contributions from their salaries and depositing the same to the fund along with their matching contribution. The employers are also required to deposit their contribution towards the Employees' Pension Scheme, 1995 and Employees' Deposit-Linked Insurance Scheme, 1976 and administrative charges for the Employees' Provident Funds Scheme, 1952. The establishment shall ensure extension of provident fund benefit to all eligible employees including employees employed by or through the contractor.

### ACTIONS IN CASE OF NON COMPLIANCE

- 1) There could be the following types of non-compliance on the part of the employers:
    - a) Disputes on the applicability of the Act;

#### **EMPLOYEES' ENROLMENT CAMPAIGN, 2017**

5.5 In order to extend social security benefits to all the eligible workers in the country, Employees' Enrolment Campaign was launched during the period 01.01.2017 to 31.03.2017, which was further extended to 30.06.2017. During the Campaign, not only current and new employees were enrolled but various financial incentives were also offered to establishments to enroll such workers who remained un-enrolled for any reason between 01.04.2009 and 31.12.2016.

5.6 An employer, whether already covered or yet to be covered, was allowed to enroll employees who remained un-enrolled for any reason between 01.04.2009 and 31.12.2016 by making a declaration of such employees during the campaign period. However, the declaration could be made only in respect of employees who were alive.

5.7 For the declaration made under this campaign, as an incentive, the following applied to the declarations made under the campaign:-

- (i) The employee's share of contribution, if declared by the employers as not deducted, shall stand waived.

The campaign has been extended upto 30<sup>th</sup> June, 2017 by notifications with numbers GSR 298(E), 299(E), 300(E) and 301(E) dated 29.03.2017

5.8 The Employees' Enrolment Campaign was an important step towards extending benefits to workers who have hitherto remained deprived of Social Security benefits. As of 31.03.2017 **49,39,929** employees were declared/covered under Employees' Enrolment Scheme. The office-wise coverage of employees.

## RECOVERY OF ARREARS

5.9 Provisions for recovery of amount due from employers were inbuilt in the Employees' Provident Funds Ordinance, 1951, the Employees' Provident Funds Bill, 1952 and the Act. As per the modes of recovery provided, any amount due from an employer in respect of any contribution payable under this Act or towards the cost of administering the Fund payable by him under any Scheme may be recovered by the appropriate Government in the same manner as arrears of land revenue. Requisitions were used to be sent to the Certificate Officers/Revenue Officers of the respective State Governments for recovery of any money due from an employer in respect of any contribution payable under this Act or towards the cost of administering the Fund payable by him under any Scheme. The pace of recovery was very slow as there was no control over the State Governments. However, evolving an institution of independent recovery machinery within the Organisation was thought of. Accordingly, Section 8 of the principal Act was amended by the EPF & MP (Amendment) Act, 1988 (33 of 1998) and in the principal Act, for the words by the Central Provident Fund Commissioner or such other officer as may be authorized by him, by notification in the Official Gazette, in this behalf, in the same manner as an arrear of land revenue", the words, figures and letters "in the manner specified in Sections 8B to 8G" were substituted. Definition and role of 'Recovery Officer' were inserted in the Act by the said amendment of 1988 effective from 1<sup>st</sup> August, 1988. As a result, independent recovery machinery was put in place from 1<sup>st</sup> July, 1990 and RPFs were notified as Recovery Officers by name. From 4<sup>th</sup> March, 1997, all the RPFs and APFCs working in the Regional/SROs located at different States and in Headquarters of the Organisation

have been notified to act as Recovery OfficeRs. Notification No. S.O. 796 dated the 4<sup>th</sup> March, 1997 was published in the Official Gazette on 22<sup>nd</sup> March, 1997 to that effect.

5.10 For augmenting the recovery, a 'Directorate of Recovery' has been created at the Head quarters level which is directly monitoring the performance of the field formations in the area of recovery. Following recovery actions are provided in the statute against the defaulters:

- (i) attachment and sale of movable or immovable property of the establishment or, as the case may be, of the employer;
- (ii) arrest of the employer and his detention in prison ; and
- (iii) appointing receiver for the management of the movable or immovable properties of the establishment or, as the case may be, the employer.

### PRIORITY OF PROVIDENT FUND DUES

5.11 Section 11(2) of the Act provides that, if any amount is due from an employer, whether in respect of employees' contribution (deducted from the wages of employees) or the employers' contribution, the amount so due shall be deemed to be the first charge on the assets of the establishment, and shall notwithstanding anything contained in any other law for the time being in force, be paid in priority to all other debts.

5.12 The Hon'ble Supreme Court in *Maharashtra State Co-operative Bank Vs. Provident Fund Commissioner [2009(10)SCC.123:2009(123)FLR, 653:2009(2)SCC, (L&S) 743(S.C. – 3M)]* has held that the provident fund dues shall be paid in priority to all other dues and debt of a company. Even in cases of liquidation, the Hon'ble Supreme Court has held that the EPF dues are to be paid in priority in *Employees' Provident Fund Commissioner Vs. O.L. of Esskay Pharmaceuticals Limited – 2011(5)LLN.1:2012(1)LLJ.1:2012(132)FLR.98(S.C.-2M)]*

The contribution received after making adjustments, due on account of benefits are transferred to the investment account. The corpus invested in the Public Account continues to be invested in Public Account. From 1997-98 onwards net accretions are being invested as per prescribed investment pattern.

## PORTFOLIO MANAGEMENT

7.22 The Investment of funds is managed by portfolio managers. The fund managers follow the pattern of investment as notified by the Ministry of Labour & Employment and guidelines as prescribed by the Board from time to time. The Performance of the portfolio managers of EPFO is measured against a performance benchmark developed by CRISIL in consultation with investment monitoring cell of EPFO.

7.23 This performance benchmark is dynamic in nature and captures the daily yields of securities in which investment of EPFO money is permissible as per existing investment pattern and investment guideline. It is a very important tool with which EPFO is able to compare the performance of portfolio managers. It also serves as a reference point for both EPFO as well as for the portfolio managers, giving an indicative minimum yield, which could have been generated by investing in the prevailing market in the assets classes permissible as per extant investment pattern and investment guidelines.

7.24 The Central Board of Trustees in its 207<sup>th</sup> meeting held on 31.03.2015 approved the appointment of following five fund managers for managing the EPFO corpus for a period of three years:

- (i) State Bank of India.
- (ii) ICICI Securities Primary Dealership Ltd.
- (iii) Reliance Capital Asset Management Ltd.
- (iv) HSBC Asset Management (India) Private Ltd.
- (v) UTI Asset Management Company Ltd.

7.25 The appointed portfolio manager have started managing Employees Provident Fund Organisation corpus from 1<sup>st</sup> of July, 2015.

7.26 The cumulative performance evaluation for the period July 01, 2015 to March 31, 2017 is as under:-

Portfolio Manager	Yield%	Benchmark Yield%
UTI AMC	8.07%	7.96%
SBI	8.03%	7.96%
Reliance AMC	8.01%	7.96%
HSBC AMC	7.99%	7.96%
I-Sec PD	7.99%	7.96%
Overall EPFO	8.02%	

## **SALIENT POINTS ON PERFORMANCE OF THE PORTFOLIO MANAGERS:**

1. The Portfolio Managers during the year generated the yield by investing in the market under regulated environments of investment pattern and Investment pattern and Investment guidelines.
2. The return on investment is subject to variation in market yields and thus cannot be strictly compared with the yields generated in the past years. Therefore, the true comparison can be done only amongst the five Portfolio Managers who are investing in the same market following same regulations.
3. The competition among the Fund Managers has mitigated the risk of under performance by one single Portfolio Manager, affecting the yield of entire portfolio. Along with competition, creation of dynamic benchmark, works as a reference for all the five Portfolio Managers who make their best efforts to not only meet the benchmark but also to outperform it.
