Subject: SAP Concur India Summit on September 8, 2020

Madam/Sir,

ETCFO.com and **ETCIO.com** is organising a **SAP Concur India Summit on September 8, 2020.**

Successfully navigating the uncertainty in the current business landscape requires agility. There is urgency for business leaders to improve their ability to plan and respond swiftly to unprecedented challenges, as well as opportunities.

As we move towards future readiness, we need to eliminate paper, email and spreadsheet-based tasks that are error-prone & inefficient. With finance teams working virtually, these now fall even shorter on reliability than what organizations require. So, what role can you, as a finance, technology, or HR leader, play to bolster your organization's agility?

Perhaps the most important thing is to take control of your organization's spend, which can be achieved by automating processes to create **resource efficiencies**, **gain spend visibility** and **establish cost controls**. These must be done without compromising on **employee experience** and productivity especially during the current remote working conditions. Intelligent technologies enable you to manage & track spends anytime, anywhere, on any device more efficiently in a compliant manner.

SAP Concur India Summit - a leading platform for knowledge sharing and learning on intelligent spend management - organized in association with **ETCFO.com** and **ETCIO.com**. Together, they have designed an **insight-driven summit** that will enable you to re-envision, reinvent and reset the transformation of finance, technology and HR functions in these volatile times.

What to expect:

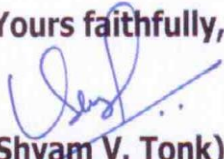

- Discover how your peers have adapted to the challenges of today's world and the lessons they've learned along the way.
- How the 'new normal' is shaping up digital infrastructure and leading to re-skilling of functional roles like finance, IT and HR.
- Hear what industry leaders have to say about how better employee experience leads to Better Business results.
- The Science Behind Compliance: Optimise controls on employee expenses, suppliers, capital improvements and discretionary spending to manage cash flow.

The link to Register and attend the Webinar is given below:

https://cfo.economictimes.indiatimes.com/sap-concur-india-summit?rgstr=1&form_id=form-336-1596621624&msid=479&ag=brandsolutions

Officers of EPFO are encouraged to register and take advantage of the Summit to upgrade their knowledge and skills. This is a wonderful opportunity for Officers to re-envision, reinvent and reset the transformation of finance, technology and HR functions in these volatile times.

(This issues with the approval of Competent Authority)

Yours faithfully,

(Shyam V. Tonk)
Regional P.F. Commissioner-I (Training)
