

Ramesh Krishnamurthi is a 1992 batch Indian Revenue Service officer. He holds a B.Tech. in Electronics Engineering from IIT-BHU, Varanasi, an MBA from IIM Calcutta, and a Master of Science in Finance from Texas A&M University, USA. His research at Texas A&M focused on Supply Chain Management, e-Commerce, Industrial Distribution, and ERP.

During his tenure at Income tax, he was responsible for initiating policy and technical matters related to the Centralized Processing of Income Tax Returns and Electronic Filing of I-T Returns. He has played a key role in shaping future business requirements for these systems. During his deputation period as Director (Primary Markets) in the Department of Economic Affairs, he had handled policy matters related to capital markets and was a government nominee on SEBI committees. Ramesh also designed and managed the Centralized Processing Center (CPC) in Bangalore, which processes millions of I-T returns, and the Electronic Filing of Returns project, which facilitates online tax filings. His professional interests include systemic administrative reform and leveraging technology for business and governance.

Before assuming the charge of Central P.F. Commissioner, he was holding the charge of Addl. Secretary, Ministry of Labour & Employment. His extensive experience in economic affairs and taxation combined with his leadership roles in the Ministry of Labour & Employment and EPFO highlight his significant contributions to India's public administration.
