

FREQUENTLY ASKED QUESTIONS:

For Employers

Q.1 What is UAN?

A.1 UAN stands for Universal Account Number to be allotted by EPFO. The UAN will act as an umbrella for the multiple Member Ids allotted to an individual by different establishments. The idea is to link multiple Member Identification Numbers (Member Id) allotted to a single member under single Universal Account Number. This will help the member to view details of all the Member Identification Numbers (Member Id) linked to it. If a member is already allotted Universal Account Number (UAN) then he / she is required to provide the same on joining new establishment to enable the employer to in-turn mark the new allotted Member Identification Number (Member Id) to the already allotted Universal Identification Number (UAN).

Q.2 Who allots the UAN?

A.2 Universal Account Number (UAN) is being allotted by Employees' Fund Organization (EPFO) only.

Q.3 To whom UAN is allotted?

A.3 UAN is allotted to all the contributory members of EPFO and disseminated through the employers.

Q.4 How UAN is allotted?

A.4 A Universal Account Number for each of the PF Account Number appearing in the ECR w.e.f. January 2014 to June 2014 has already been allotted by EPFO and available to employers on OTCP.

Kindly read the User Manual for Employers to know about recurring/subsequent UAN generation/linking.

Afterwards, employer has to contact the concerned EPFO Field Office for change in member's details alongwith supporting documents.

Q.14 How to provide the already allotted UAN to a member on joining new establishment?

- A.14 Facility is given on OTCP to employers to declare such member ids (new member ids in the latest ECR file) against
- a. Previous member id
 - b. UAN
 - c. First time membership & approve the same

Such declared member ids flow from OTCP to EPFO on daily basis. At EPFO, this information is being processed to:

- i. Generate new UANs against member ids which do not have UAN.
- ii. Link member ids against UAN having UAN, already generated against previous member id.
- iii. Generate and link UAN against member id and previous member id if neither of them have UAN.

The processed information is pushed daily to the portal and this cycle continues.
